EXTRAS!**

## *mains*

### Wix Website Development

Design and development of four fully customised pages, tailored to your brand, content and business goals.

### Strategic Site Planning

Custom wireframes designed to ensure a seamless and intuitive user experience across your website.

### Your Branding, Front and Centre

Your existing branding, including logos, colours, and typography, will be thoughtfully applied across the site.

### Custom Graphics & Visuals

Need a few extra images or on-brand graphics? We'll create the perfect visuals to match your branding.

### Responsive Design

Optimised for desktop and mobile, ensuring a smooth and professional experience across all screen sizes.

### Easy-to-Follow Tutorial

We'll show you how to update and manage your site like a pro (no tech headaches, promise).

### Integrations Sorted

Connection of third-party tools such as social media platforms, booking systems (e.g. Calendly), and more.

### Domain Set-Up, Alt-Text & basic SEO

Help others find your website with a free domain for 1 year, plus basic Search Engine Optimisation.

### 1 Month of Tech Support

Need a hand after launch? We're on-call for quick fixes, light touch-ups and troubleshooting.

**Pull up a seat,  
let's chat.**
